Children's Names	Birthday	Grade Level (upcoming fall)

The Anchor Homeschool Group will provide an opportunity for students to take supplementary classes to enrich their homeschool experience. The parent is responsible for the academic progress of your child, this includes grading and completion of any materials. All members are to participate in the running of the Anchor Homeschool Group. All classes and course descriptions must be submitted and approved by the board.

Anchor Homeschool Group is designed for homeschooling families. The families must have a child that is between Kindergarten (legal start age not head start age) and 10th grade to participate. The students in the co-op must be the relative or a legal dependent of the adult that is participating in the co-op. The exception to this rule are instructors that are being brought in for the sole purpose of instructing in a class.

Barring any behavioral issues (refer to Code of Conduct), all children kindergarten through 10th grade are expected to remain in their classrooms for the duration of co-op.

Membership dues in the amount of \$350.00 are due no later than one month before the start of co-op. There will be no refunds of Anchor Homeschool Group dues for any reason unless approved by the board by a majority vote.

The Board, at their discretion, has the authority to utilize and distribute excess funds that have accrued in the Anchor Homeschool Group's account to create a Gift and Benevolence Fund. These funds will be used to thank non-members, volunteers, youth member volunteers and members seeking membership that are experiencing financial or family hardships.
